New for 2017 is the Grimm Industries Barrel Top Signs, a new take on the time tested tradition and heritage mark of the beer barrel. This is the perfect item for the brewer of any size looking to get their name out with a cost and market effective POP display. We have options for every style and budget, ranging from the very classic barrel top to a more modern eye-catching illuminated version. We also offer the ability to have these made into a clock, mirror, or chalkboard which provides the perfect pallet to display which of your fan favorite brews are on tap on any given day.

Our program is a simple 4 step process and just like that you can have the new eye-catching POP sign that your distributors and fans have been dreaming of. For you to get started, simply pick your frame color from one of our 7 stain choices. Then pick your woodgrain background from our 12 woodgrain options. Tell us if you would like any finishing touches such as clock hands or to illuminate it and if you'd like a vintage or vivid look. Then simply just send us your logo and we'll handle the rest.

All of our products are manufactured right here in the U.S.A.

and we stand by them with our 1 year factory warranty. With this product we also have the added benefit of manufacturing using 100% recycled materials. Standard lead time 4-6 weeks.
